

# now recruiting

## Practice Manager—RN

Responsible for the operational and financial management of the Women's Wellness and Fertility Center of New England. This will be accomplished through collaboration with other managers, the Director of Maternal Child Health, and physicians to meet the performance objectives of Physician Practice Associates.

## Registered Nurse

Under the direction of the Practice Manager the RN participates in patient care activities through the nursing process including, but not limited to, assessment, planning care, implementing physician orders, evaluating patient responses to nursing intervention, revising plans as indicated and maintaining a therapeutic environment.

## Certified Nurse Midwife, NFP

Under the direction of the OB Section Chief, the OB/GYN MD at Catholic Medical Center's Women's Wellness and Fertility Center of New England, and Director of Maternal Child Health, this registered and certified Nurse Midwife (CNM) will provide direct health care to women in the philosophy of natural family planning and NaPro technology.

### apply today: [careers.catholicmedical.org](http://careers.catholicmedical.org)

This exciting start up practice will have the full complement of support staff and all the benefits of working for a well established, highly regarded hospital including competitive compensation, full benefits, and CME allowance.

To apply, please forward cv to Janet Frongillo at [jfrongil@cmc-nh.org](mailto:jfrongil@cmc-nh.org) or call 603.663.6739.

Women's Wellness & Fertility Center  
of New England
